

# Going Green Tour

Start your tour by going “green” with Hunt Utilities – a destination point for the research and development of sustainable living, renewable energy and high efficiency sustainable housing.

*Hunt Utilities Group, LLC  
2331 Dancing Wind Road SW, Pine River, MN 56474  
(218) 587-5001 | [www.HugLLC.com](http://www.HugLLC.com)

Make a stop at Down to Earth Wood and have a tour of the entire facility. See how furniture is made from products that are grown in northern Minnesota. Down to Earth wood just received their FSC certification so you know the wood comes from sustainable forest management sources.

*Down To Earth Wood  
1279 Roosevelt Road, Pine River, MN 56474  
(218) 587-3696 | [www.DownToEarthWood.com](http://www.DownToEarthWood.com)*

Next, stop and tour Wildrose Farm Organics. This is a family homestead and clothing design studio that is set among rolling hills and pine forests on a Minnesota tree farm. They support sustainable agriculture and feel good about using organically grown cotton.

*Wildrose Farm Organics  
7073 Nickel Road, Breezy Point, MN 56472  
(218) 562-4864 | [www.WildRoseFarm.com](http://www.WildRoseFarm.com)  
Call to set up a tour.*

Your last stop of the day is at The Farm on St. Mathias which is a farm that practices sustainable farming using organic methods. They do not use herbicides, pesticides or petroleum based fertilizers on their vegetables or orchard. They offer CSA (Community Supported Agriculture) in the fall and they provide family fun with a corn maze, wagon rides, pumpkin patch and a haunted maze.

*The Farm on St. Mathias  
7579 St Mathias Road · Brainerd, MN 56401
